

Special Issue of the International Journal of Remote Sensing

Pan-Ocean Remote Sensing: Enabling Earth Observations in Support of Global, Coastal, Ocean and Climate Change Research and Monitoring

Selected papers resulting from the PORSEC 2016 meeting on enabling earth observations in support of global, coastal, ocean and climate change research and monitoring held in Fortaleza, Brazil, Nov. 3 to 11, 2016 will appear in a special IJRS issue.

How to Submit your Manuscript

All submissions will be peer reviewed according to the [International Journal of Remote Sensing](#) (IJRS) guidelines. Submitted manuscripts should not have been published or be under review elsewhere.

Prospective authors should consult the [Instructions for Authors page](#) on the journal homepage for guidelines and information on paper formatting and submission.

Authors should submit manuscripts using the IJRS manuscript central system at <https://mc.manuscriptcentral.com/tres>. Please choose 'IJRS Special Issue Paper' from the 'Manuscript Type' picklist on the submission form, irrespective of the paper type (i.e. even if your paper would normally be classified as a Research Letter, Tech Note, Research Paper, or Review Article). Also, please enter "PORSEC2016" in the space provided on the submission form for the name of the special issue.

IJRS has no page charges, and also does not charge for printing in color, if scientifically necessary. Open access publication is also possible, though a fee is charged for this. [Click here for more information about open access options.](#)

Should you have any submission questions, please contact **Catherine Murray**, Administrator of IJRS at: IJRS-Administrator@Dundee.ac.uk.

Important Dates

Deadline for the submission of contributions: **February, 20, 2017**

Expected print publication date: **December, 2017**

Articles will be available online approximately one month after acceptance, final technical review and the completion of revisions for compliance with journal format. However, the paper copy of the special issue will be published only when all papers are accepted.

If you have any specific questions about the special issue, please contact the editorial team listed below.
